

PRESS RELEASE

Americana Safety Supports the Lion Habitat Ranch

Las Vegas, NV, October 22, 2016. Americana Safety Associates, LLC, is proud to announce that it has become a community volunteer partner with the Lion Habitat Ranch to provide pro bono consulting services for the safe working environment of the lion exhibit and its visitors.

The Lion Habitat Ranch is a 501(c)(3) charitable organization, located in Henderson, Nevada, just minutes from the Las Vegas Strip.

This facility cares for the lions that lost their “day job” in January 2012 working at the Las Vegas MGM Grand Hotel and Casino lion exhibit, and now live in retirement. Once they lost their job, their upkeep has been supported by visitors and contributions where the facility has been reborn as a tourist and community learning facility.

The habitat is accredited by the Zoological Association of America and hosts more than 40 lions, wild birds, and Ozzie the giraffe.

The Lion Habitat Ranch is proud to support those members of the Wounded Warrior Project. As a token of their appreciation, they offer free admission to all members along with their family or caregivers. Discounts are also available to seniors, students, military, fire, police and the wounded warriors.

According to Dr. Joseph DeMaria, CEO of Americana Safety, we are delighted to support this worthwhile organization and animal sanctuary. Please visit our Lion Habitat Ranch partnership page at <http://lionhabitatranch.org/partners/entry/49>

We encourage all Las Vegas residents and visitors to come out and support this amazing exhibit. For complete exhibit information, please call 702.595.6666 or visit www.lionhabitatranch.org.
